### New Arrivals Now the Big Attraction

IT IS interesting to note that new arrivals are rapidly taking the places made vacant through our present Clean Sweep Sale. Mention is made, in a general way, of new lingerie waists, new parasols and new Spring suits and coats. Special mention is made of the new silk gloves, in black and white and white and black. These are the "Niagara" brand and will be one of the fads of the new season.

### Last Call on Millinery

It is impossible to quote prices on remaining millinery. When we say that we are practically giving millinery away it just about states conditions in the Millinery Department. We want to close out at once all remaining millinery, and prices are being offered that in no way represent the bare cost of materials.

### Special Showing of Mid-Season Styles and Advance Models in Millinery

Our New York office is forwarding us the new Spring styles as soon as authoritative models are produced. In addition, through our regular milliners, such as Phipps, Gage, Fish and Burgess, we are receiving both mid-season styles and advance Spring models. With these firms we have a binding contract to furnish us exclusive models that will not be shown elsewhere in El Paso. A cordial invitation is extended to see these new styles in millinery—as they are most interesting.

on the mantels high banks of moss, covered with cut lilacs of the valley and edged with smilax. Mingling their fragrance with the lilacs were showers of American Beauty roses.

The dining room, where a buffet luncheon was served after the ceremony, was green with smilax, whose verdure was relieved with banks of red and white roses. As wedding favors the bride distributed heart shaped satin cake boxes, each bearing the initials of the bride and bridegroom, set off with sprays of lilacs of the valley. The library was garlanded with Alabama smilax, American Beauty and white Killarney roses.

Thousands of Gifts. Had the art gallery not been an immense space for the thousands of gifts that have come from all over the world. Chief among these were presents from the relatives of the bride and her friends from the army, the navy, the railroad organizations aided by her, the Y. M. C. A., from officers of the Gould railroad, and from the employees at Miss Gould's country and city homes.

The list included: From Mr. and Mrs. Geo. J. Gould, a corsage pin consisting of a bow knot of diamonds and rare pearls with a large marquis diamond set in platinum and surrounded by pearls suspended by strands of pearls so arranged as to give a ribbon effect four inches in length.

A long fan chain of diamonds from Mr. and Mrs. Edwin Gould; an imported ivory statue, "Honor," from Howard Gould; a chain necklace of pearls, diamonds and emeralds from Mr. and Mrs. Frank Jay Gould.

The enlisted men of the Atlantic fleet gave a gold loving cup. The railroad Y. M. C. A. of the west sent a jewel box and clock.

SOLDIERS SEND WEDDING PRESENT TO HELEN GOULD. Leavenworth, Kan., Jan. 22.—As a reminder of the generosity of Miss Helen Gould in distributing thousands of dollars for the use of sick and wounded American soldiers in the Cuban campaign, the private soldiers of Fort Leavenworth will present to her as a wedding gift, a miniature reproduction of a "Helen Gould cot" wrought in solid gold. The miniature cot is to be 10 inches long and four inches wide.

## JUAREZ FEARS AN ATTACK BY REBELS

(Continued from page 1)

the "pickings" in Juarez would be very good just now for the rebels and many people in the border city believe that the third annual attack is about to be pulled off. Each year, for the past two years, the city has been taken by rebels about this time.

#### Juarez Troops Busy.

The few troops left in Juarez are busy patrolling east and west of the border town, although no fear of a rebel attack is admitted officially. As there are no cavalry in Juarez, the infantry makes hikes along the river roads on both sides. All of the 250 and men of the Juarez garrison are mounted. The 100 mounted federal volunteers organized by Gen. Aubert were sent south with Gen. Blanco and never returned.

#### No Guard On Central.

The troop guard has been removed from the Mexican Central, for some unexplained reason, preventing any further attempts to repair the road below Juarez. A work train went out over the Mexican North Western today, although the Central is the least torn up between Juarez and Chihuahua. All communication on either road remains cut, and the commercial telegraph is not operating. No rebels are reported along either railway farther north than Samalayuca, on the Central, to which point the wires are working, and Sapulpa, on the North Western.

#### It Is Denied At Juarez That Any Rebels Have Been Seen at the El Paso Ranch.

It was said that federal troops have daily visited that ranch.

#### Big Cannon Destroyed?

In the battle Sunday at Villa Ahumada the rebels succeeded in destroying the big cannon "El Nino," says a late report. Fearing that federal reinforcements would arrive while they were attacking the town, the rebels placed a shot of dynamite under the tracks, a short distance to the south. As expected, the big ship's cannon was hurled ahead of the engine as the 22d infantry train arrived. The dynamite exploded and wrecked the flat car on which the cannon was carried, breaking the base of the piece. The remainder of the train, however, was not wrecked.

## REDISTRICTING THE CONGRESSMEN

One Measure Puts El Paso in 15th District; the Others in the 17th.

(Continued from page 1)

Ector, Crane, Midland, Upton, Crockett, Val Verde, Edwards, Sutton, Schleicher, Reagan, Glascock, Sterling, Tom Green, Coke, Andrews, Martin, Howard, Mitchell, Kimball, Menard, Concho, Runnels, Nolan, Gaines, Dawson, Borden and Scurry counties are included in the district.

Representative Hunt, of Canyon City, Texas, has introduced a redistricting bill that places El Paso in the 17th district, and also leaves congressman Smith's county in the same district. Besides El Paso and Mitchell counties, others included are: Loving, Reeves, Jeff Davis, Presidio, Brewster, Terrell, Crockett, Sutton, Schleicher, Menard, McCulloch, Concho, Tom Green, Runnels, Coke, Baylor, Nolan, Howard, Sterling, Glascock, Reagan, Upton, Wingo, Ward, Winkler, Decker, Martin, Andrews, Irion, Pecos, Culberson, Jim Wells, Brooks and Mason.

#### To Tax Liquor Dealers.

There is now pending in both branches of the legislature a bill which is directed against wholesale liquor dealers, who it is claimed are now evading the payment of taxes under the gross receipts tax law. The bill has been introduced by the present of the legislature Sullivan and Grindstaff and in the senate by senator Darwin. The measure would tax the gross receipts of the consumer in the state. The law now on this subject is defective, in that it merely imposes a tax on the wholesaler when he sells to a retailer, but there is no tax provided on the gross receipts when the liquor is sold direct to the consumer. Senator Darwin figures out that the state will derive not less than \$150,000 a year in revenue from this law should it pass. Mr. Sullivan also entertains the same views about the measure.

#### "Blue Sky" Measure.

In accordance with the recommendations of the governor there will be introduced in both branches of the legislature a "blue sky law" bill. Representative Roger Byrne, of Bascom county, is the author of the bill. It is the author of the measure in the senate. When the bill is presented it will have the approval of the attorney general's department. Senator Darwin says the bill will be very stringent and that it will place the law on this subject. It will provide that all companies organized for the purpose of selling stock shall be placed under the supervision of the state department of insurance and banking. One of the main features in that it limits the commissions to be paid the promoters to 10 percent, and anyone who recommends the purchase of stock in such a corporation is held liable. If the stock is not what it is represented to be, the bill seeks to place all corporations chartered under the laws of another state under the jurisdiction of the commissioner of insurance and banking.

## TWO WARSHIPS EN ROUTE TO MEXICO NOW

United States Officials Are Greatly Concerned For the Safety of Americans.

### TROUBLE FEARED AROUND VERACRUZ

WASHINGTON, D. C., Jan. 22.—Two American warships are now en route to Mexican ports to give protection to Americans. The Denver left San Diego last Monday for Acapulco, and as a result of the alarm aroused yesterday for the safety of Americans at Veracruz, the gunboat Wheeling is now steaming from Tampa, Fla., for Veracruz. At that place, Americans are said to face a grave crisis that has relieved by the cruiser Des Moines at the time of the Diaz uprising last October.

The request from the state department to the navy came after the receipt of a long series of official reports from ambassador Henry Lane Wilson and consuls in southern Mexican cities, all reflecting a condition of anarchy, especially in the state of Veracruz, where federal authorities face the problem of restoring civil order with a disorganized and divided army. Guerrilla warfare, brigandage, sackings of ranches and villages and other desperate crimes place Americans and other foreign residents in a state of constant danger and the latest address to the state department express fear of a worse outbreak.

#### Americans to Be Taken Aboard.

When the Wheeling arrives in Veracruz harbor, Americans and other foreigners will be taken aboard and officials express the hope that the sight of her guns may have the same moral effect that followed the arrival of the Des Moines a few months ago. This latest action by the state department indicates that the administration's policy of non-intervention will be adhered to to the close of president Taft's term of office. While the present administration will endeavor to take no action which will embarrass the succeeding regime, it is taken for granted that aggressive actions will be resorted to if disturbed conditions menace the safety of American citizens.

#### Mexico Expects Trouble.

Veracruz, Mex., Jan. 22.—Military activity at Veracruz and surrounding districts would seem to indicate that an attack by the rebels is expected, although everything at the present time is quiet. The revolutionary general, Aguilera, is in the mountains back of Cordoba. The possibility that almost anything may happen is not denied by Mexicans in general. The arrival of an American warship here, it is said, will be a big surprise.

Supporters of Felix Diaz, the leader of the recent uprising, have asked that he be given proper protection, as they fear that illegal action may be taken against him.

## BABY OF MORMON REFUGEE DIES HERE

Aged Refugee Woman Dies in Utah; Sainza Reported in Colonia Diaz.

Marvin Whipple, 4 year old son of Mr. and Mrs. Charles Whipple, of Colonia Juarez, Mex., died at 429 Dallas street, where the family is now residing, Tuesday night. The funeral was held Wednesday afternoon from the residence and interment was made in the Mormon plot in Concordia cemetery. The child died of inflammation of the lungs. The little girl, Sainza, a severe case of typhoid fever in the summer. The mother is in bed with a babe 10 days old and the father is hunting for work in northern Arizona.

Mrs. Mary Eyring, an aged refugee from Colonia Juarez now in Utah, died a few days ago. She never has been able to reconcile herself to leaving her home in Mexico. Continual fretting deranged her system and made her an easy prey to the grip. She was past 80 years of age.

C. P. Brown has returned from the Pecos, where he secured a quarter section of land for himself. He goes to Douglas tonight to arrange his business so he can take steps immediately to bring his sons to the Pecos and commence school here. He has positioned other men will join him and buy land adjoining him, but the Pecos valley country has been so badly damaged by the war that it is not profitable.

Mrs. Merrill and family leave tomorrow for the colonies.

Peter Skousen, who left here several days ago, has been delayed on his trip because his horses ran away. He leaves Columbus today.

It is reported among the refugees that Salazar is in Colonia Diaz with 1500 men.

The colonists learn through a letter that Salazar has been ordered to leave both in Pearson and Madera indefinitely.

However, A. L. Lathrop, assistant to the vice president of the Mexican North Western railroad and the other Pearson interests, says that the Madera and Pearson mills have been ordered to regularly. The El Paso offices of the company are in Western Union connection with the Pecos by way of Chihuahua and a report Wednesday was that the mills were running.

Mr. Drury says that the El Paso mills have more than a month's supply of lumber to run with and the Mexican North Western road expects to be open before that time.

## REBELS IN SONORA GRANTED AMNESTY

Douglas, Ariz., Jan. 22.—Frederico Cordova, Rafael Serravallo and 70 followers have accepted amnesty yesterday at a point between Bacadehuicho and Nacori Chico, after having been in the mountains for several months. Cordova was a firm adherent of the Diaz regime, and during the first months of the revolution he was commander of the rebel forces in the command of Madero to the presidency, he was commissary of Bacadehuicho. When the rebel leader, General Francisco Madero, was overthrown, Cordova fell he allied himself with them, but soon denied that alliance also, declaring that he would be granted amnesty asking if he would be granted amnesty in case of surrender. After amnesty was granted with Mexico City, Ojeda replied in the affirmative. The surrender followed.

## LETCHER REPORTS PEACE NEGOTIATIONS

Washington, D. C., Jan. 22.—Consul Letcher at Chihuahua, Mex., reports that the rebels in that state are seeking peace and that peace negotiations are being sent to treat with them. The proposed surrender has been understood to embrace all the rebel chiefs in Chihuahua. Whether it includes Orozco

and Salazar, the consul does not report. The war department has relieved companies C and G, of the 15th infantry, from duty near Tia Juana on the Lower California frontier, where they have been enforcing the neutrality laws for about a year. The two companies will return to the Presidio, Monterey, Calif. A force of 500 Mexican federal troops is now on duty on the western Mexican frontier.

**IDENTIFYING DEAD BODIES BY POSTING THE PICTURES**  
The Juarez police have instituted a new method of identifying bodies. Recently a number of unidentified bodies have been discovered in the Mexican town, although all seem to have been caused by natural death. Clear photographs are made, and posted on the clothing. These placards are posted in certain prominent places in the town. The American body found this week near the race track has not been identified.

**NORTH WESTERN PLANS TO MAKE BRIDGES FIREPROOF**  
Rebel-proof bridges are being given a tryout in the reservation of the Pearson mills in south El Paso. The Mexican North Western railroad is growing tired of furnishing feed for the rebel forces in the Pecos valley. The company has a patented and secret preparation for rendering the wooden bridges non-inflammable. Tests of the preparation have been made in the Pearson plant yards and have proved, it is said, successful.

**BODY OF COL. ROQUE GOMEZ IS FOUND ON BATTLEFIELD**  
Chihuahua, Mexico, Jan. 22.—It is officially reported here that the body of Col. Roque Gomez, a member of Gen. Inez Salazar's staff, has been found near the battlefield at San Miguel de Bahicoro. Gomez, it is said, was killed during the engagement in which the federal general, Jose de la Luz Blanco, was captured.

**LAVA FROM COLIMA STARTS FIRES AND DESTROYS CROPS**  
Guadalajara, Mexico, Jan. 22.—A new crater has formed on Colima, which continues to erupt at intervals. Forest fires have occurred from the flow of the lava and crops over a wide area have been damaged seriously.

**DE LA FUENTE FIGHTING?**  
Colonel David de la Fuente, chief of artillery of Orozco's rebel army, again is in the field. It is said here today by friends. He is under bond at San Antonio, where he was held with Col. Pascual Orozco sr., on a charge of neutrality violation. It was said that David de la Fuente entered Mexico a few days ago near Hachita, N. M., and has joined the rebel forces below Juarez.

**LORENTE GOES TO GERMANY.**  
E. C. Lorente, Mexican consul to El Paso, has been appointed Mexican consul general to Germany. He will leave the latter part of this month for Mexico City, and will proceed from there to Hamburg, where his offices will be located. Mr. Lorente has been here for more than one year. He was formerly in consular service in Italy.

**SUCCEEDS MENTZER.**  
J. A. Wright has been appointed general agent at El Paso and Juarez of the National Railways of Mexico, to succeed Frank C. Mentzer. Mr. Wright at present is consular agent of the railway at Juarez. Mr. Mentzer will be transferred to some other office. A. A. Escobedo will remain city ticket agent at El Paso.

I tore up the picture of a married woman who was a courier, who pays his fines in Los Angeles. That was what made him mad. to their counsel, inspired by the general interests of Europe and Turkey. Bulgaria gets Adrianople. Vienna, Austria, Jan. 22.—Turkey has decided to surrender Adrianople to the Bulgarians, according to semi-official telegram from Constantinople.

**Germany Shows Skepticism.**  
Berlin, Germany, Jan. 22.—The reported willingness of Turkey to give up the fortress of Adrianople and to make peace on that basis is received here with skepticism. The belief prevails that Turkey's reply to the note of the powers will show only an inclination to meet the wishes of Europe so as to pave the way for further negotiations. The Turkish embassy here also regards as improbable the report that Turkey is willing to cede Adrianople.

**AUSTRIA IS OPTIMISTIC OVER PEACE IN BALKANS.**  
Vienna, Austria, Jan. 22.—Increasing optimism was displayed today in telegrams from Constantinople regarding the peace situation. It is regarded here as practically certain that there will be no resumption of hostilities. Even should the Ottoman government's reply to Europe's note of advice be unsatisfactory, it is thought that the powers, having once taken hold of the situation, will not allow the belligerents to resume warfare operations.
